

LAURA BAKER FAMILY NAVIGATION

Q: Are you a parent, family member or caregiver of a person with intellectual or developmental disabilities? Do you need help navigating the complex systems required for support?

Here to Help You

Laura Baker Services Association's (LBSA's) Family Navigation Services program is designed to help individuals and families with developmental disabilities navigate the complexities required for support.

Whether a loved one was just diagnosed with a disability or you need specific services and support, we know how overwhelming the journey can be. Perhaps you are:

- A couple looking for advice on the birth of their soon-to-be child with Down syndrome
- A family seeking specialized medical or therapeutic services
- A parent who has a child needing to sign up for Supplemental Security Income or social services, etc.
- An individual or family with limited time and overloaded with other obligations. We can assist you in identifying next steps in moving toward your goals

Customized Care & Support

Our services are based on an initial FREE consultation. We use a person-centered approach, not one-size-fits-all. We can support your decision making in the following areas:

- Regional and state developmental disability programs and services
- Support system planning for someone with intellectual or developmental disabilities (I/DD), such as Down Syndrome (Trisomy 21), Autism Spectrum Disorder (ASD) or Prader-Willi Syndrome
- Peer support and family connections
- Community resource connections
- First steps in accessing county, state and federal programs (disability waivers)
- Housing options: at home, independent living, group homes, respite
- Major life transitions and challenges
- Access to networks of professionals and service providers who can serve your family's needs
- Navigating any obstacle that is preventing you from achieving your goals

OUR VISION

Laura Baker Services Association's vision is a community where everyone has a place at the table and an organization that is not defined by physical space. We seek innovative ways to ensure that people with intellectual and developmental disabilities can live, work and recreate in the community as they choose.
